Pursuant to the 2007 Ohio Building Code, Section 106: 106.1.2(5), if you are submitting drawings to the Lake County Building Department for permits you must also immediately submit a set of drawings along with the Fire Department Submittal Form directly to the Local Fire Department for review. Once the drawings have been submitted to the Local Fire Department, the Fire Official will have one week to review the drawings and submit notification and any comments he/she may have regarding the drawings to the Lake County Building Department.

*All submittals must include **FOUR** complete sets of drawings, including all specifications. The name and address of author shall be plainly printed in the lower right hand corner of all plans or drawings. The proposed work must be done in accordance with approved plans, specifications, codes, and standards. Separate permits, which may be required for the proposed project, include building, electrical, HVAC, gas piping, fire alarm, fire sprinkler, hood suppression. Plumbing Permits must be obtained from the Lake County General Health District, 33 Mill Street, Painesville Tel: 440-350-2543.*

It is the duty of the Fire Protection Contractor to insure that all required inspections are scheduled and all work installed has been approved by the Lake County Building Department prior to proceeding to the next phase of construction. The Fire Protection Contractor is responsible to obtain a Final inspection at the completion of the project.

This approval becomes null and void if work or construction authorized is not commenced within 12 months, or if construction or work is suspended or abandoned for a period of 180 consecutive days at any time after work has commenced.

I hereby certify that I have read and examined this application and that all information is true, accurate, and complete. All provisions of laws and resolutions governing this type of work will be complied with whether specified herein or not. I authorize the Lake County Building Department to enter this property for the purpose of site inspections for the duration of this project.
